Pamela W. Staley

Amoco Production Company

P.O. Box 800 1670 Broadway

Denver, Colorado 80201

Dear Ms. Staley:

We have reviewed your application to commingle production (downhole) from the Blanco Mesaverde and the Blanco Pictured Cliffs Pools in the following well located on Federal lease SF 078499:

Tapp LS #3

**1650' FSL, 990' FWL, Section 15, T-28N, R-8W**

**San Juan County, New Mexico**

Production profiles from both formations were analyzed to determine if future allocation based on percentages would be equitable. Recent Pictured Cliffs production has been very erratic, however, historical production verifies that decline rates from both formations are similar.. Your Application and allocation method, are hereby approved as submitted, effective the date that actual commingling of the pools occurs. Approved allocation factors are:

Formation	Gas	Condensate
Blanco Mesaverde	79%	100%
Blanco Pictured Cliffs	21%	none

If you have any questions regarding this correspondence, please contact Ray Hager at (505) 599-6366.

Sincerely,

*/s/ Duane Spencer*

Duane Spencer
