Reference: OXY USA \* North Burton Flats Battery (Government AA Com 2) \* 30-015-33283 \* D-23-20s-28e \* Eddy County, New Mexico

NMOCD Tracking Number: 2RP-1649 \* Date of release: 3/17/13

Chris,

OCD is in receipt of a remediation proposal (plan) for the above referenced release. The plan, dated April 22, 2013, was submitted to OCD by Talon, LPE on behalf of OXY USA. The plan is approved with the following conditions/stipulations:

- Notify OCD 48 hours prior to commencement of remedial activities.
- In the event a 2' excavation is not achieved in the areas identified as S-2 and S-5 notify OCD immediately. A 1' excavation will be required in the remainder of the impacted area, excluding the area identified as S-4.
- Notify OCD prior to commencement of backfill operations.
- Like approval by BLM as may be required.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
