Rick,

Your proposal for investigating background (naturally occurring) chloride levels at the above referenced remediation site is approved with the following conditions and/or stipulations:

- Notify OCD District 2 office 48 hours prior to commencement of remedial activities.
- Notify OCD District 2 office 48 hours prior to obtaining samples where the analyses are to be submitted to OCD.
- Area where background samples are to be obtained must be in an area completely void of any oil/gas production, activity and/or produced fluid transfer lines.
- Like approval by BLM or any other regulatory authority as may be applicable.

If you have any questions or concerns, and for notifications, please contact me.
