NATURE OF RELEASE

Type of Release drilling fluid and cement dump	Volume of Release 30BBLS	Volume Recovered 20BBLS
Source of Release Anonymous illegal dump	Date and Hour of Occurrence March 30, 2015 - unknown	Date and Hour of Discovery March 30, 2015 1:00PM
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Mike Bratcher; OCD & Jeff Robertson; BLM	
By Whom? Jimmy Tarvin; Lease Operator	Date and Hour March 31, 2015 8:30 AM	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse N/A	

If a Watercourse was Impacted, Describe Fully.*
N/A

Describe Cause of Problem and Remedial Action Taken.*
A mix of cement and drilling fluid; approximately 30BBLS total was found dumped anonymously in three separate locations near the Lease Road; unofficially referred to as "Softshell Road". 20BBLS of the released fluid was recovered by vacuum truck.

Describe Area Affected and Cleanup Action Taken.*
A mix of approximately 30BBLS of drilling fluid and cement was dumped in three separate locations in the pasture near the Lease Road that runs from the Cotton Draw Wells to the Snapping Wells closest to the Softshell 22 Federal 1 Location. Each dump affected an area approximately 20'x20'. The first dump; approximately 20BBLS is located in NE/SW, S14, T25S, R31E on the west side of the lease road. The second dump and third dumps; approximately 5 BBLS each are located in NW/SW, S35, T35S, R31E on the east and west side of the Lease Road across from each other. 20 BBLS was recovered from the first dump site, a small amount of small cement fragments remain at this site. No fluid was recovered from the second and third dump site as it had all soaked into the ground. The latitude and longitude above is for the Softshell 22 Federal 1 Location.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
