Bradley,

The data looks good for closure if Jim is OK with it. With the final C-141, if you could, please send a site diagram showing the impacted area and where the samples were obtained from. Also, do you know if anyone at Par 5 was notified?

Mike/ Jim

Attached you will find the lab data for the Lotos 15 Federal 1, this was the site where the truck illegally dumped on our location. As you can see in the data the samples are clean. I would like to request no further action for this site and submit a final C-141 for closure. Please respond back with your comments or questions. Thank you.
