OCD Tracking: **2RP-706**

Mr. Stubblefield,

As discussed, the excavation at the above referenced site is approved for backfill. It is OCD's understanding that remedial activities at the site are in accordance with the approved remediation proposal.

If you have any questions or concerns, please contact me.

Subject: Meeting on April 21, 2011 Devon Energy Corporation Parkway No. 21.

Dear Mr. Mike Bratcher,

As per our meeting today, Devon Energy Corporation is requesting permission to back fill the excavated area located at the Parkway Unit No. 21 tank battery with no confirmation soil samples being required. This request is based on the analytical results from the borehole that was drilled in the impacted area at the tank battery on February 9, 2011.

Sincerely,

Mike Stubblefield
Talon/LPE Project Manager

Subject: Devon Energy Corporation Parkway No. 21

Dear Mr. Mike Bratcher,

Talon/LPE will be moving equipment to the Parkway No. 21 release.
The excavation and transport of the impacted soil on the location
will start after lunch on 04/20/2011.

Sincerely,

Mike Stubblefield
Talon/LPE Project Manager
