If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

Describe Area Affected and Cleanup Action Taken.*

Scraped up 72 yards of contaminated soil and put on 15 ml plastic. Hauled contaminated soil to CRI on 10/4/07. Notified Gery Guy with OCD of sampling on 11/19/07. Sent samples to Hall Environmental. Back filled with top soil on 11/26/07. Attachments: Core Sample Report, wellpad diagram of samples, and contaminated dirt haul tickets. Spill area clean and ready for inspection.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
