Re: Application for a Non-Standard Location
Boomslang 14-23 Fed 2H
E/2 W/2 Sections 14 and 23-T24S-R33E
Lea County, New Mexico

Gentlemen:

Devon Energy Production Company, L.P. ("Devon") plans to drill the referenced horizontal well to an approximate total vertical depth of 11,201' and an approximate total measured depth of 20,501' in order to test the Second Bone Spring Sandstone formation. As reflected on the attached C-102, the well has been permitted at a surface location of 225' FNL & 1,450' FWL Section 14-T24S-R33E with a permitted bottom hole location of 330' FSL & 1,450' FWL of Section 23-T24S-R33E. The projected upper perf is expected to be approximately 330' FNL & 1,450' FWL Section 14-T24S-R33E and the projected lower perf is expected to be approximately 330' FSL & 1,450' FWL Section 23-T24S-R33E. The reason behind permitting this well at an unorthodox location is to maximize recovery.

In accordance with Division rules, Devon respectfully requests that the Commission administratively approve the enclosed application for an unorthodox location with respect to that portion of the horizontal wellbore as described in the above paragraph.

Please be advised that Devon Energy Production Company, L.P. owns 100% of the leasehold interest in the W/2 and W/2 E/2 Section 14-T24S-R33E and 100% of the leasehold interest in all of Section 23-T24S-R33E. COG Operating LLC is the operator of wells located in Section 11-T24S-R33E and EOG Resources, Inc. is the operator of wells located in Section 26-T24S-R33E. Both parties are being notified of this application with notifications being sent by certified mail to the addresses shown on the attached Exhibit A.

Enclosed for your convenience is a plat showing the affected tracts. Also, enclosed for your review you will find a State of New Mexico form C-102.

If you have any questions concerning this application, please contact the undersigned at (405) 552-6160.

Sincerely,

DEVON ENERGY PRODUCTION COMPANY, L.P.

RE: Application of Devon Energy Production Company, L.P. for administrative approval of an unorthodox well location for the Boomslang 14-23 Fed 2H well to be completed in the Second Bone Spring Sandstone formation underlying the E/2 W/2 of Sections 14 and 23, Township 24 South, Range 33 East, N.M.P.M., Lea County, New Mexico.

Ladies and Gentlemen:

Enclosed is a copy of the above referenced application which was submitted with the New Mexico Oil Conservation Division on this date. Any objection to this application must be filed in writing within twenty days from the date the division receives this application with the applicant and the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico, 87505. If no objection is received within the twenty day period, this application may be approved administratively by the Division.

If you have any questions concerning this application, please do not hesitate to contact me at (405)552-6160 or Carol.Glass@dvn.com.

Very truly yours,

Devon Energy Production Company, L.P.
