Hand Delivered

Michael E. Stogner Oil Conservation Division 1220 South St. Francis Drive Santa Fe, New Mexico 87505

30-015-32615

Dear Mr. Stogner:

Pursuant to Division Rule 104.F(2), Nadel and Gussman Permian, L.L.C. applies for administrative approval of an unorthodox oil well location for the following well:

| <u>Well</u> : | Tucker Fee Well No. 1Y |
|---------------|------------------------------------------------|
| Location: | 1600 feet FSL & 2300 feet FEL |
| Well Unit: | NW%SE% of Section 28, Township 21 South, Range |
| | 27 East, N.M.P.M., Eddy County, New Mexico |

The well is in the Delaware formation (North Esperanza-Delaware Pool), which is developed on statewide rules. A Form C-101 for the well is attached as Exhibit A.

The well was drilled and completed, and is currently shut-in. The Tucker Fee Well No. 1 was located <u>1650</u> feet FSL, and thus was orthodox. During drilling, the location had to be abandoned, and the rig was skidded 50 feet to the south. Applicant received verbal approval from the Artesia District Office to continue drilling the well, but failed to file an unorthodox location application until now.

Attached as Exhibit B is a land plat of the area. The W½SE¼ of Section 28 is a single fee tract, with common royalty, overriding royalty, and working interest ownership. Therefore, the well is not encroaching on any offset interest owner, and notice of this application has not given to anyone.

Please call me if you need anything further regarding this matter.

Very truly yours,

James Bruce
