Re: Application of Cimarex Energy Co. for administrative approval of unorthodox well location for its Southern California 29 Federal 29-19S-32E RB #19H well located in the S/2 of the S/2 of Section 29, Township 19 South, Range 32 East, N.M.P.M., Lea County, New Mexico (the "Well").

Dear Mr. Catanach:

162683

Cimarex Energy Co. ("Cimarex") (OGRID No. ~~251099~~) administrative approval of an unorthodox well location ("NSL") for Southern California 29 Federal 29-19S-32E RB #19H well (API No. 30-025-43070) to be completed within the Lusk-Bone Spring, South pool (Pool Code 41460) underlying the S/2 of Section 19, Township 19S, Range 32E, N.M.P.M., Lea County, New Mexico. A C-102 for the Well is attached as Exhibit A. This is a horizontal Well that will be drilled as follows:

Southern California 29 Federal 29-19S-32E RB #19H

- Surface Hole Location: 1390 feet from the South line and 308 feet from the West line of Section 29, Township 19 South, Range 32 East;
- First Perforation Point: 1290 feet from the South line and 808 feet from the West line of Section 29, Township 19 South, Range 32 East;
- Last Perforation Point and Bottom Hole Location: 1290 feet from the South line and 330 feet from West line of Section 29, Township 19 South, Range 32 East.

Cimarex is requesting this NSL in order to efficiently produce its interests in Section 29. This Well will produce from the Lusk-Bone Spring, South pool (Pool Code 41460). There are no special pool rules for this pool, and thus the setback requirements under Rule 19.15.15.9 of 330' apply. The completed interval for the proposed Well is closer than 330' from the boundary of the project area. The unorthodox location will encroach towards the S/2 and NE/4

of Section 30, Township 19 South, Range 32 East, the S/2 and NW/4 of Section 28 of Township 19 South, Range 32 East, and the N/2 of the S/2 and the N/2 of Section 29, Township 19 South, Range 32 East. A list showing the surrounding ownership and the project area for the proposed well in relation to adjoining spacing units is attached as Exhibit B.

A list of the parties affected by the encroachment is attached as Exhibit C. Each of these parties has been provided notice of this application by certified mail, return receipt requested, advising them that if they have an objection to the location of this Well, it must be filed with the New Mexico Oil Conservation Division within 20 days of the mailing of this notice. In addition, a copy of this application has also been provided to the New Mexico State Land Office.

Your attention to this matter is appreciated.

Sincerely,

Ladies and Gentlemen:

Enclosed in the notice is a copy of the above referenced application filed with the New Mexico Conservation Division on this date. Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division receives the above referenced application may be administratively approved by the Division.

If you have any questions concerning this application, please contact:

Cody Elliot
Cimarex Energy Co.
600 N. Marienfeld St., Suite 600
Midland, TX 79701
Phone No.: (432) 571-7806

If you have no objection to this application, please sign the waiver as indicated below and return the original. Your assistance and cooperation in this matter are appreciated.

Sincerely,

Zoë E. Lees

Subject: Cimarex Southern California 29 Federal Well No. 19H

Zoe:

The OCD will require additional reason for administrative NSL application. The OCD does not consider "efficiently produce its interests in Section 29" to be a valid reason for approval.

Were there engineering reasons for being that close to the quarter-quarter section boundary? How will the section in the project area be developed? A statement by the Applicant is required.

Further, the Director has stated that NSL applications within 100 feet of the project boundary require return receipts.

Further, the Division will require break-down the percentages of the working interests and the affected parties.

As a result, your application will not be recommended signature by the Director until this information is received.

Thank You

Re: Non-Standard Location Application
Southern California 29 Federal #19H - 30025-43070
Lea County, NM

Dear Mr. McMillian:

Cimarex Energy Co. respectfully requests administrative approval of the non-standard location application for the Southern California 29 Federal #19H well.

Cimarex proposes to drill the Southern California 29 Federal #19H well as an increase density or infill well in the 2nd Bone Spring. The proposed well will be centered between our two existing horizontal 2nd Bone Spring producing wells, the Southern California 29 Federal 17H (N2S2) and the Southern California 29 Federal 15H (S2S2), please see attached Exhibit A for additional information. Cimarex expects to maximize the recoverable reserves by increasing the cluster count to reduce white space in the proposed well. This procedure is a change from our previous completion approach and offers an opportunity to determine how to best development our acreage in the area. The best location for the Southern California 29 Federal #9H infill test is to be approx. 30'-60' off the Northern quarter quarter line of the S2S2, please see attached C102 for location and horizontal path of the referenced well.

The beneficial knowledge gained from the successful completion of the Southern California 29 Federal 19H well will help to determine maximum reserve recovery and possible drilling locations for additional Bone Spring infill wells in this and other sections.

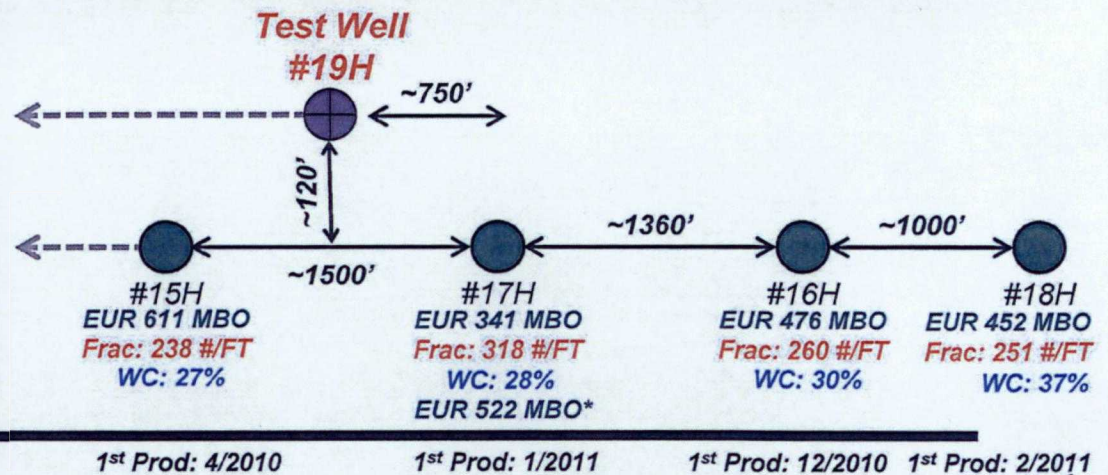

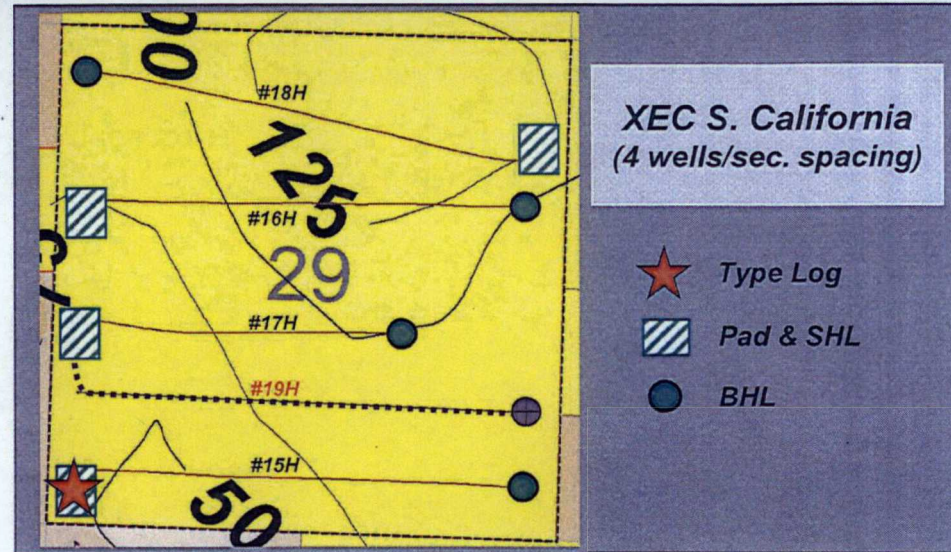

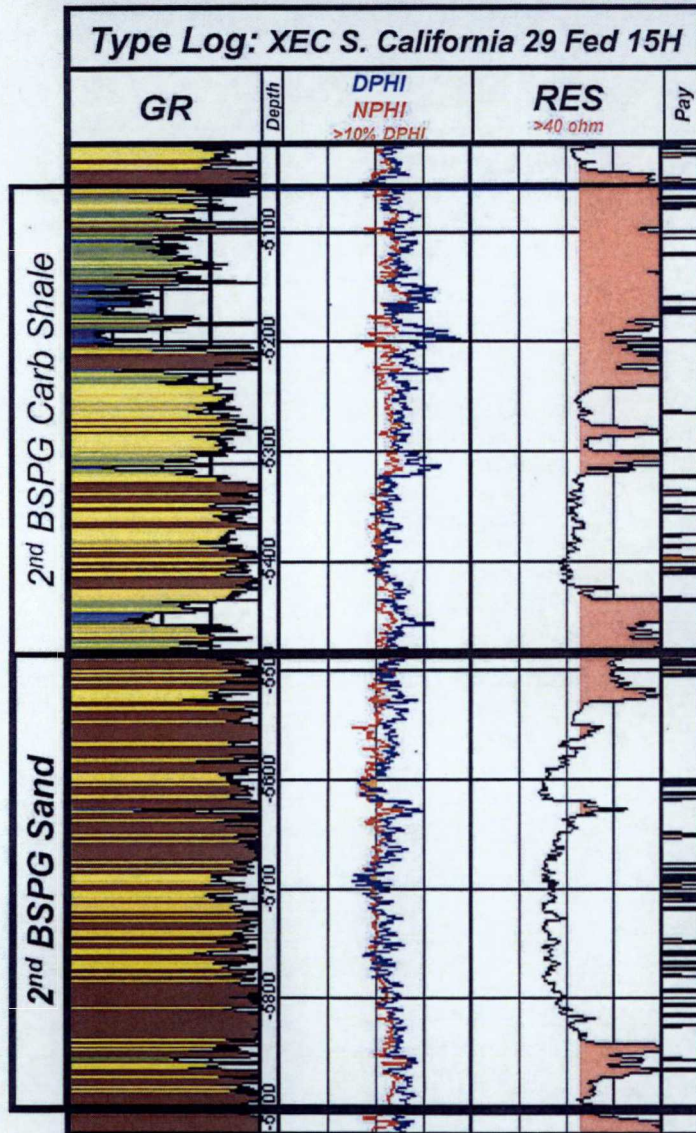

Thank you for your consideration. Should you have any questions please contact me at 432-571-7800.

Sincerely,

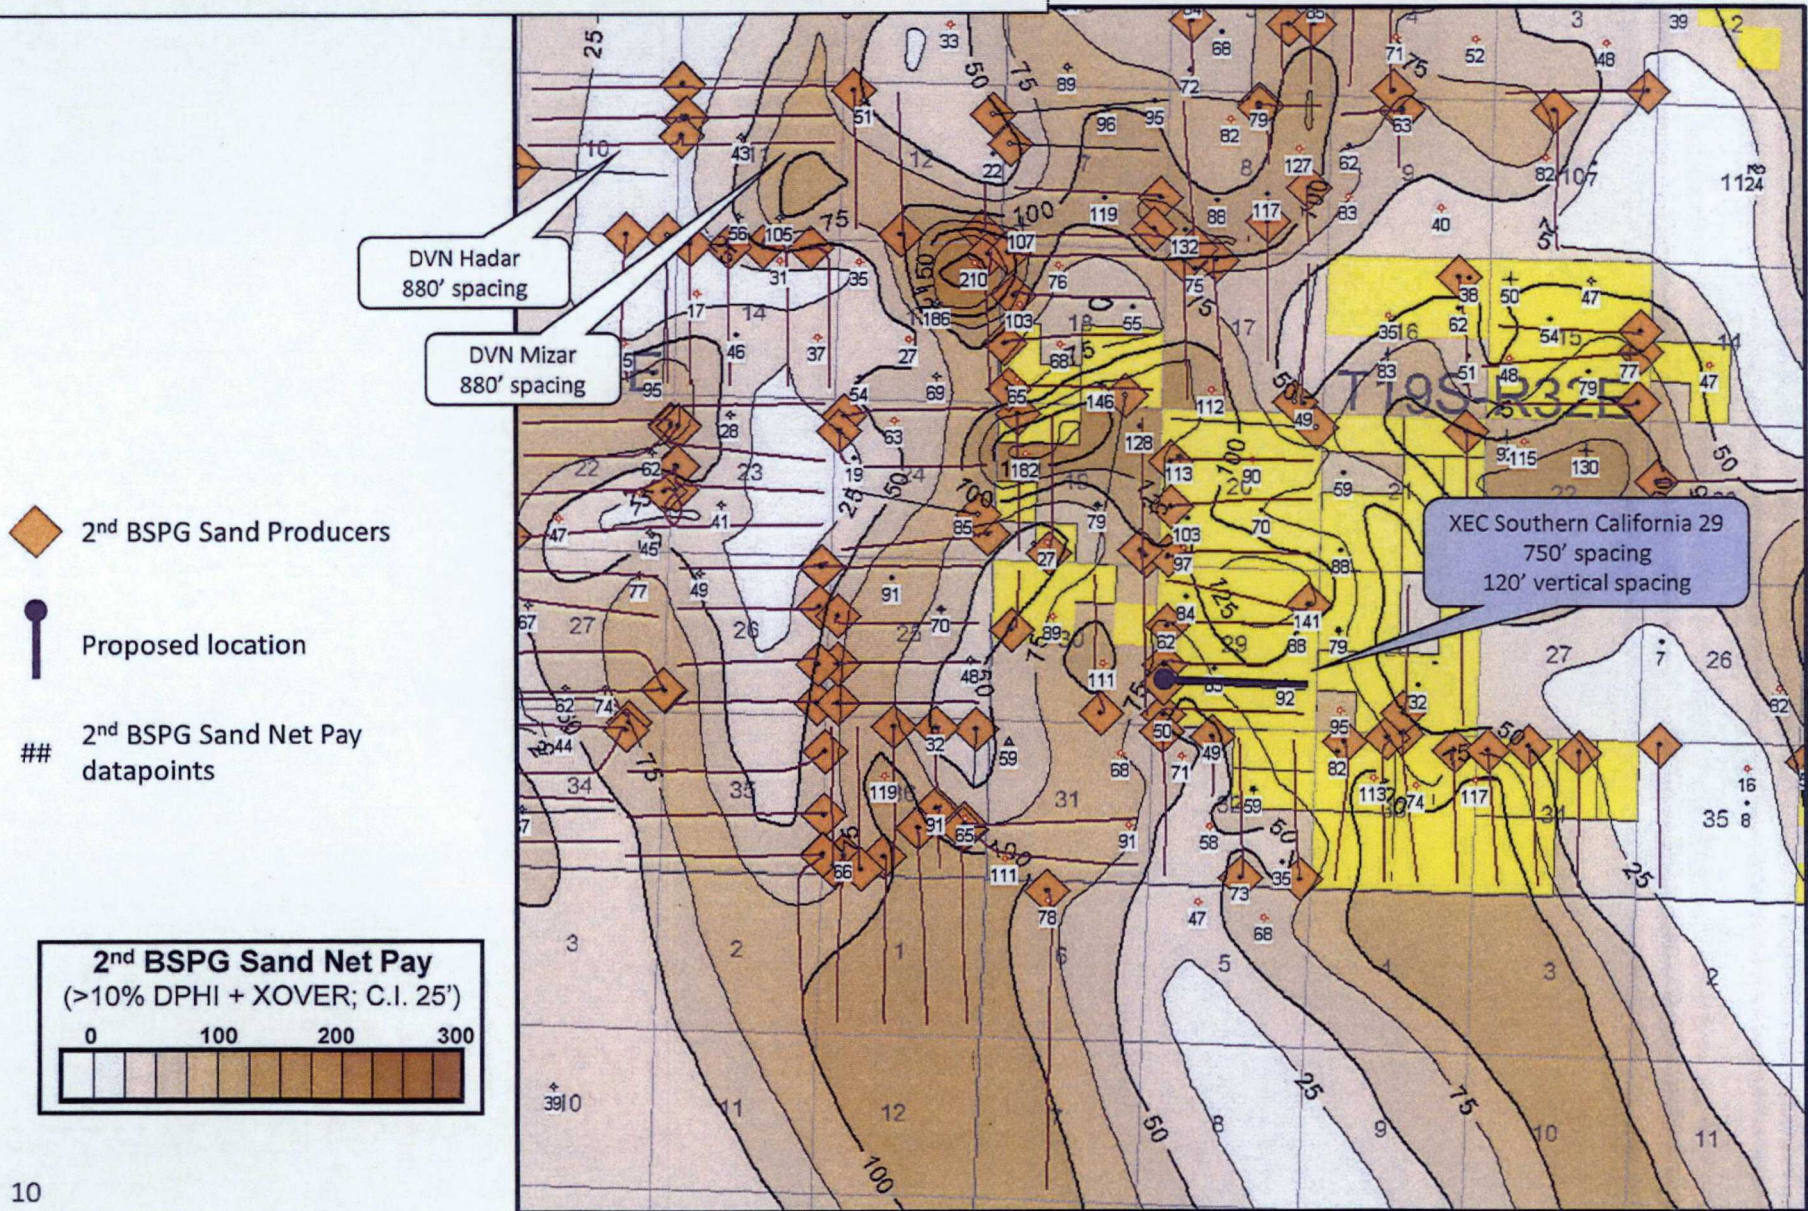

A handwritten signature in dark ink, appearing to read "Michael Swain", is written over a light blue horizontal line.

Hi Leonard,

I wanted to follow up with you concerning Cimarex's NSL application for the Southern California 29 Fed 19H well. The attached information as requested back in April and submitted to the Division. I spoke with Mike last week and he indicated that you are handling this application. Is there anything else that the Division needs to approve this NSL?

Thank you,
Jennifer

Importance: High

Dear Zoe Lees,

Good afternoon,

Due to the extreme location of this well relative to the affected offset acreage, being the N/2 S/2 of Section 29, it is obviously a situation where some interest owners in the NE/4 SE/4 of Section 29 will be adversely affected. I would like to explore with Cimarex how they believe that correlative rights of those affected interest owners will be protected.

In addition, please provide the "green cards" for all affected parties in the NE/4 SE/4 of Section 29. An e-mailed copy is preferred.

Thank you,

Subject: NSL Application: Southern California 29 Federal Well No. 19H
Importance: High

Dear Zoe Lees,

Good afternoon,

Due to the extreme location of this well relative to the affected offset acreage, being the N/2 S/2 of Section 29, it is obviously a situation where some interest owners in the NE/4 SE/4 of Section 29 will be adversely affected. I would like to explore with Cimarex how they believe that correlative rights of those affected interest owners will be protected.

In addition, please provide the "green cards" for all affected parties in the NE/4 SE/4 of Section 29. An e-mailed copy is preferred.

Thank you,

Leonard Lowe

Subject: Additional info request on Sourthern Cal 29

Leonard,

I received your voicemail asking whether the working interest ownership between the N/2 of the S/2 of Section 29, and the S/2 of the S/2 of Section 29 are identical. Cimarex is the operator in the N/2 of the S/2 of Section 29. The working interest in the N/2 and the S/2 of the S/2 of Section 29 is not identical. The working interest in the N/2 and S/2 of the S/2 of Section 29 is 100% Cimarex except for the NE/4 of the SE/4 of Section 29. Of the NE/4 of the SE/4, Cimarex owns 66.07143%, Dan Irwin owns 1.78572%, Kathleen Irwin owns 1.78572%, Amity Oil Co. Inc. owns 8.92857%, and W/K Land Company owns 21.42857%. Each of these working interest owners were notified of the application via certified mailing, as is demonstrated in Exhibit C of our application.

Please raise any questions. Thank you,
Zoe

Zoë E. Lees

Leonard,

The mineral interest owner for the N/2 of the S/2 of Section 29 is the United States of America. The United States of America is also the mineral interest owner for the NW/4 of the SW/4 of Section 28. Please let me or Jennifer know if you have any questions.

Thanks so much,
Zoe

Zoe Lees,

Re: NSL Application, CIMAREX, Southern California 29 Fed. Well No. 19H

Within Section 29 of 19 S & 32 E, your application identifies 5 affected parties. Is ownership identical between the N/2 S/2 and S/2 S/2?

Who are owners in the NW/SW of Section 28?

Re: Application of Cimarex Energy Co. for administrative approval of unorthodox well location for its Southern California 29 Federal 29-19S-32E RB #19H well located in the S/2 of the S/2 of Section 29, Township 19 South, Range 32 East, N.M.P.M., Lea County, New Mexico (the "Well").

Ladies and Gentlemen:

In March of 2017, we sent you notice of the above-referenced application and a copy of the application filed with the New Mexico Conservation Division. The Division has requested that we send additional notification to you concerning the proposed unorthodox location for the Southern California 29 Federal 29-19S-32E RB #19H well. This well will be located very close to the boundary line between the NE/4 SE/4 and SE/4 SE/4 of Section 29. Our records show that you own a working interest in the NE/4 SE/4, which will not be included in the project area dedicated to this well. Our records further show that you own an overriding royalty interest in the S/2 S/2 of Section 29 and that you will receive overriding royalty payments associated with production from the well.

Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division receives the above referenced application may be administratively approved by the Division.

If you have any questions concerning this application, please contact:

Leonard and David,

I hope that you both had (or are having) a nice 4th of July holiday. Attached is a chart which contains the mailing receipt numbers for the additional notifications sent to working interest owners for the Cimarex's NSL application for the Southern California 29 Fed 29-19S-32E RB #19H well. Additionally attached are waivers that we received from three of the four working interest owners. We have not heard any objections or received any questions or correspondence from Dan W. Irwin in response to the additional notice that was sent. These notices were mailed out via certified mail, return receipt requested on June 15, 2017 and it has now been 20 days since they were mailed. Please let me know if you need anything else in regards to this application. This well is schedule to be drilled later this month.

Thank you,
Jennifer
