Well Compliance

Dear Chris:

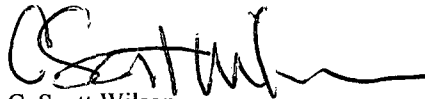

Pursuant to the Agreed Compliance Order ("ACO") in the above referenced case, attached please find the listing of wells restored to production or P & A'd in July 2006. The well schedule indicates six (6) wells have been produced or plugged and abandoned in July 2006 bringing them into compliance as requested.

Each month we will send you a duplication of the attached list which indicates what action has been taken on the wells that we have brought into compliance that month. UHC New Mexico Corporation will continue taking steps toward compliance as requested under the ACO.

Thank you for your consideration.

Very truly yours,

UHC New Mexico Corporation
