Dear Ms. Howard:

Reference is made to your request dated October 20, 2006 for an extension of the time period in which to commence injection into the McGuffin Well No. 2 and the Flying "M" San Andres Unit Wells No. 241 and 342. As you are aware, Division Order No. WFX-816 expires on October 26, 2006, if injection has not yet commenced into the wells.

For the reasons outlined in your letter, a 90-day extension is hereby granted. If injection has not commenced within these wells on or before January 25, 2007, or, if an additional extension is not granted, the injection authority for the wells shall terminate on that date.

Sincerely,

Mark E. Fesmire, P.E.  
Director
