RE: XTO Energy  
SDE 31 Federal # 4  
Section 31, Twn. 23 S., Rng. 32 E., Unit F

Mr. Johnson:

XTO just recently had a line leak at the above listed well. We would like approval to begin cleanup as soon as possible. Attached is a copy of the work plan and C-141.

Looking forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read "Eddie W. Seay". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

# WORK PLAN

## **General:**

Leak occurred 10/30/2006, losing salt water & oil. The fluid was picked up and work began to stabilize area. Approximately 1400 sq. ft. of ground was affected.

The OCD and BLM were notified.

## **Groundwater:**

According to State Engineer and Groundwater information, the depth of water occurs at approximately 325 feet below the surface.

## **Remediation Proposal:**

Area was stabilized by mixing soil with fluids. Our cleanup will be to excavate contaminated soil, haul to an OCD approved facility and replace with clean soil and seed. Before backfilling, the area will be tested for TPH and chloride to assure we meet OCD guidelines, and only after OCD approves, we will backfill and level.

The OCD will be notified of all activities and a report will be filed upon completion.

## **Ranking Criteria Score – 0**

This site has a 5000 ppm TPH cleanup and will cleanup BTEX and Chloride per OCD.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
