Gentlemen:

Attached is Well Location and Acreage Dedication Plat of proposed non-standard location to be drilled in T. 18N., R. 3W., SE $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 28, Sandoval County, Federal lease S.F. 03398.

Due to the faulted location of the structure and the difficult terrain encountered on the east side of the well site, we were forced to locate the well 110 feet west of a standard location.

The proposed wildcat well is to be drilled to approximately 1100 feet to the Mancos shale. All property in the SE $\frac{1}{4}$ SE $\frac{1}{4}$  of Sec. 28 has been dedicated to this well site. Also all property in Sec. 31 south of this well is owned by the operator, Mr. J. I. Harvey.

Thank you for your courtesy in this matter.

Very truly yours

*J. I. Harvey*
