Re: Bolack, Greer et al  
No. A-14 Bolack Well:  
NE/4 Section 14, Twp. 25N,  
Rge. 1W, Rio Arriba County

Gentlemen:

The captioned well is located 1125' from the north line and 450' from the east line of Section 14, Township 25 North, Range 1 West, Rio Arriba County.

The terrain embraces a wash to the northeast and talus slope to the southwest, and due to these difficulties, it was not possible to stake this location at an orthodox spot. A plat is attached hereto showing the terrain.

All acreage offsetting this location is owned by Bolack, Greer et al.

The Commission's approval of this unorthodox location is hereby respectfully sought by Bolack, Greer et al.

Yours very truly,

BOLACK, GREER ET AL

Re: Bolack, Greer, et al. #A-14  
A-14-25N-1W, Rio Arriba County

Dear Jim:

I have investigated terrain conditions in the above 40 acres and believe that the non-standard location is justified, particularly due to the fact that the offsetting acreage is also owned by Bolack, Greer, et al.

We will require that a deviation test be filed and also in the event that the deviation tests indicate the possibility of the well bottoming off of the unit we will insist on a directional survey. I recommend that the non-standard location be approved.

Yours very truly

  
Emery C. Arnold  
Supervisor, District #3

**Re: Bolack, Greer et al. Well  
No. A-14, Unit A, Section 14,  
Township 25 North, Range 1  
West, Rio Arriba County**

**Dear Emery:**

We have received a request for an unorthodox location for the above well which is located 1125 feet from the North line and 450 feet from the East line of Section 14, Township 25 North, Range 1 West. The application reflects that a carbon copy of the same was forwarded to your office.

As the applicant, Albert R. Greer, states that all offsetting acreage is owned by Bolack, Greer et al., we can grant the application immediately if you feel the topography justifies the location. Will you please check this out and advise us at your earliest convenience.

**Very truly yours,**
