Gentlemen:

Tom L. Ingram has filed an application with the New Mexico Oil Conservation Commission for a permit to drill his No. 3-X Kirkpatrick at a location 1700' from the North line and 990' from the West line, Section 11, T-8-S, R-37-E, Roosevelt County, New Mexico. This application requires an exception to Order No. R-2665 due to the fact that the proposed location is 940 feet from the quarter quarter section unit. This change in location was necessitated by virtue of having lost the hole due to junk at the specified site.

If you have no objection to the granting of this exception, please sign and return three copies of the attached Waiver to this office.

Your prompt attention and advisement would be appreciated in that we hope in the absence of objection to avoid the thirty day waiting period for Commission approval.

Yours very truly,

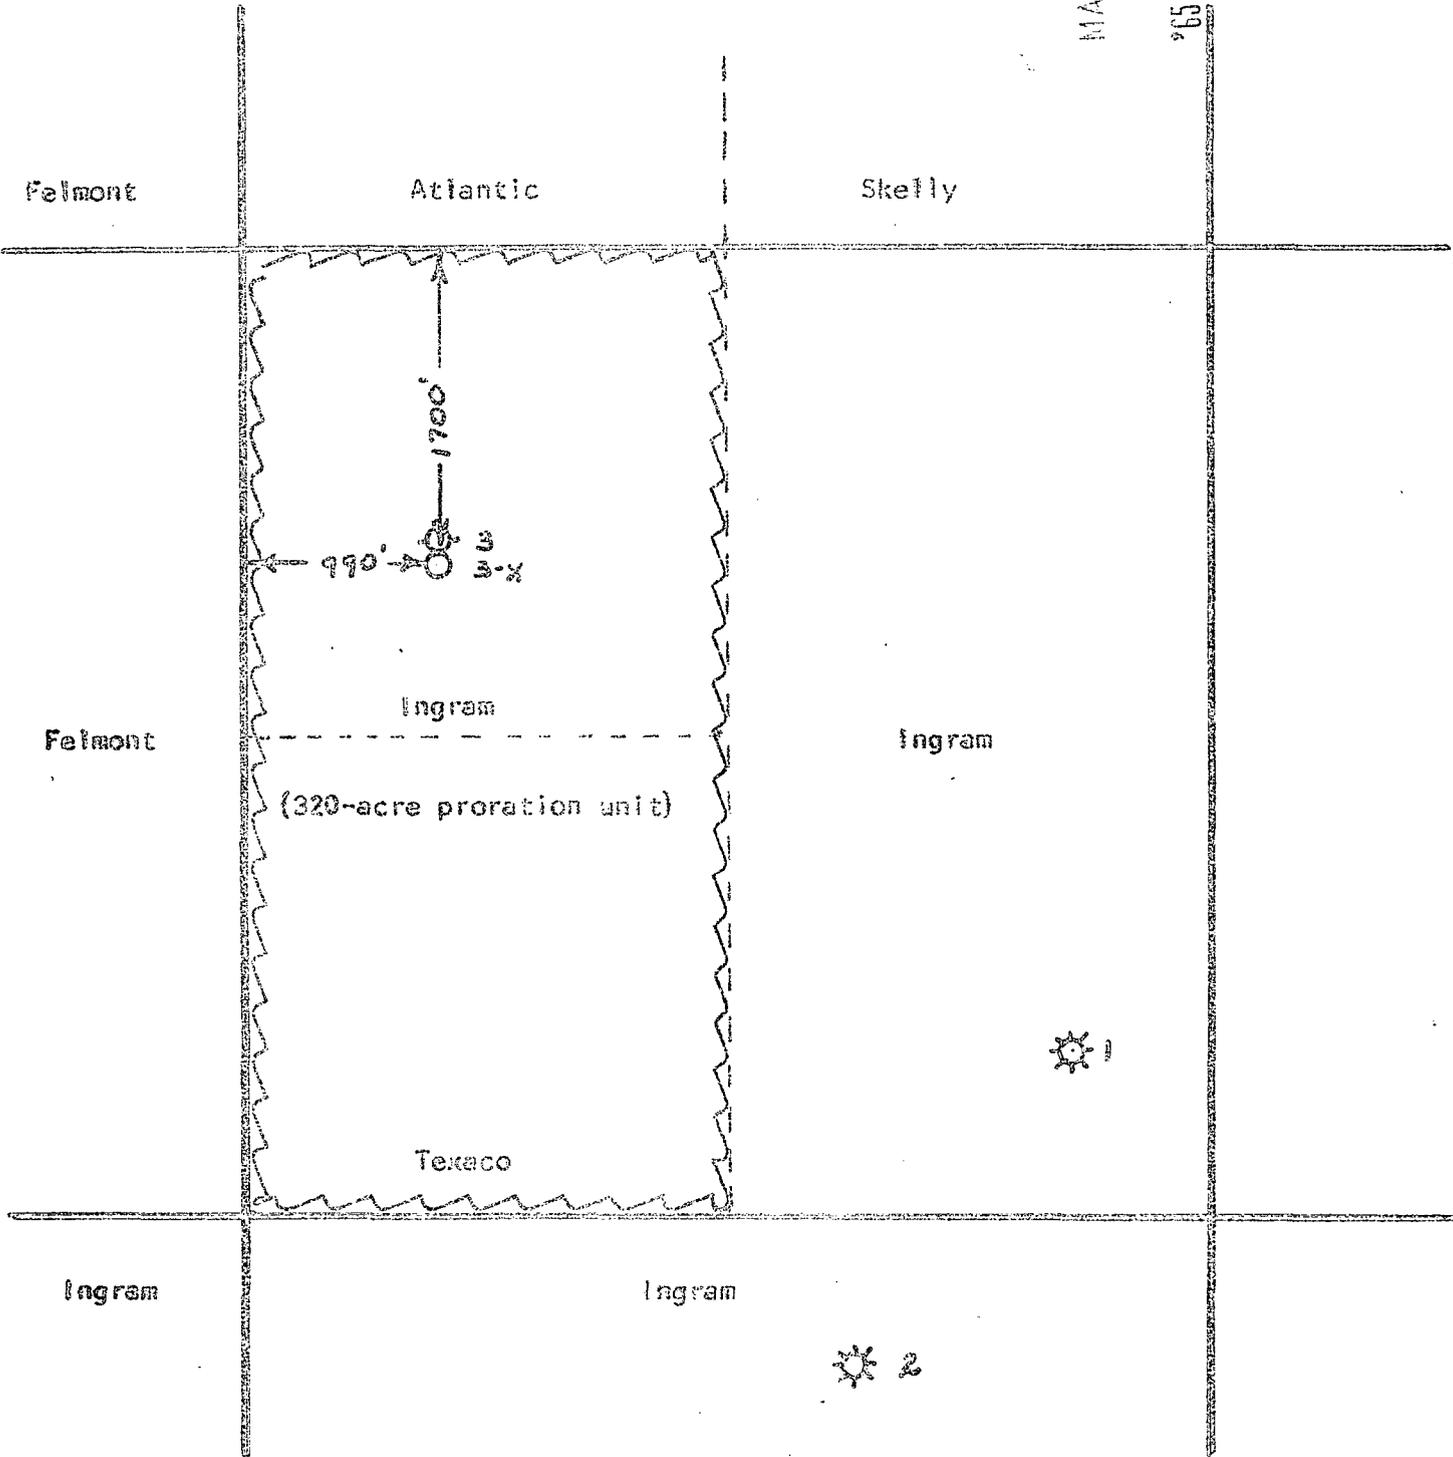

Tom L. Ingram
