Rule 104 F
West Ranger Lake - Devonian For Pool

New Mexico Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico 87501

Attention: Mr. Dan Nutter

Re: C. W. Trainer Well

Gentlemen:

Pursuant to OCC Rule 104.F. I hereby request that administrative approval of an unorthodox location for a Devonian Well located in the W $\frac{1}{2}$ Section 26, Township 12 South, Range 34 East, N.M.P.M., Lea County, New Mexico be granted. The proposed unorthodox location is more particularly described on the plat attached hereto. I request your permission for an unorthodox location for the reason that the topography of an orthodox location is such that a well cannot be drilled at said location for the reason that three high pressure pipelines, as depicted on the plat attached hereto, traverse said location. The Phillips Range Lake No. 7, a producing oil well, is an additional obstruction.

The proposed unorthodox location will be 2,610 feet from the south line and 660 feet from the west line of said Section 26,

I am by copy of this letter advising all operators of production or spacing units offsetting my proposed unit of this application for unorthodox location.

Sincerely yours,

C. W. Trainer

Gentlemen:

Amoco Production Company, as an offset operator, has been advised of the application for an unorthodox location filed by C. W. Trainer to drill a Devonian gas well which will be located in the W/2 Section 26 T-12-S, R-34-E, Lea County, New Mexico. We understand the proposed unorthodox location will be 2610' FSL and 660' FWL of said Section 26.

Amoco Production Company hereby waives notice of hearing to this application.

Yours very truly,

CDB:jn

Gentlemen:

Enclosed please find a copy of a letter of application to the New Mexico Oil Conservation Commission for an unorthodox location of a Devonian gas well which will be located in the W $\frac{1}{2}$ Section 26, Township 12 South, Range 34 East, N.M.P.M., Lea County, New Mexico. Pursuant to New Mexico Oil Conservation Commission Rule No. 104.F. I am enclosing this letter by registered mail along with Exhibit A attached and hereto reflecting the exact location of the proposed unorthodox well and also the ownership of adjoining leases.

I would respectfully request that you sign the waiver hereinbelow allowing me to drill at said unorthodox location for the reason that none of your rights will be jeopardized by said location as reflected by Exhibit A to the letter of application.

The signature line provided hereinbelow, when executed by you, will reflect your waiver of any objections to said unorthodox location, as an operator of a proration or spacing unit offsetting the proposed unit. I have enclosed two extra copies of this transmittal letter and would appreciate your executing the same returning one to the New Mexico Oil Conservation Commission at P. O. Box 2088, Santa Fe, New Mexico 87501 and the other to C. W. Trainer, P. O. Box 1100, Hobbs, New Mexico 88240. I would personally appreciate your calling the receptionist at Moran Drilling in Midland, Texas at 563-0562 and advising that you will execute the waivers so that I may proceed with drilling as soon as all parties consent to the waiver.
