Administrative Order NSL-949

Gentlemen:

Reference is made to your application for a non-standard location for your Eubank Well No. 8 located 1750 feet from the North line and 2310 feet from the East line of Section 22, Township 21 South, Range 37 East, NMPM, Tubb Gas Pool, Lea County, New Mexico.

Also, you are hereby authorized to dedicate a previously approved non-standard 160-acre gas proration unit comprising the NE/4 of said Section 22 to your Eubank Well No. 8 and Eubank Well No. 1. Further, you are hereby permitted to produce the allowable from any of the wells on the proration unit in any proportion.

By authority granted me under the provisions of Rule 3 of Order No. R-1670, the above-described unorthodox location is hereby approved.

Very truly yours,
