Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the Blanco Mesa Verde pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 30-6 Unit #63A at 390' from the North line and 1410' from the West line of Section 15, T-30-N, R-7-W, Rio Arriba County, New Mexico.

Navajo Lake covers nearly all the Northwest corner of this section and this makes it impossible to build an orthodox gas well location.

El Paso Natural Gas Company is the operator of all proration units offsetting the proposed unorthodox location.

Plats showing the proposed well location and the terrain of Section 15, along with an ownership plat, are attached.

Yours truly,

Don Walker

Re: Unorthodox Gas Well Location

Gentlemen:

El Paso Natural Gas Company has requested administrative approval for an unorthodox location for a well in the Blanco Mesa Verde pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 30-6 Unit #9A at 545' from the South line and 510' from the East line of Section 30, T-30-N, R-7-W, Rio Arriba County, New Mexico.

A high mesa ridge with steeply sloping sides in conjunction with a pipeline and a power line in the southeast corner makes it impossible to build an orthodox location.

In compliance with New Mexico Oil Conservation Commission rules, we are notifying you, as operators of an offsetting proration unit, of our application for administrative approval for the aforementioned unorthodox gas well location. Enclosed are three copies of this letter. If there is no objection to this location, please sign and return one copy to the New Mexico Oil Conservation Commission, Post Office Box 2088, Santa Fe, New Mexico 87501; one copy to El Paso Natural Gas Company; and keep one copy for your files.

A plat showing the proposed well location and offsetting Mesa Verde lease ownership is attached.

Yours truly,

Don Walker
