Re: East Tatum State Unit No. 1  
Lea County, New Mexico

Gentlemen:

Please note and be advised that Adobe Oil & Gas Corporation hereby makes application for administrative approval of an unorthodox location, pursuant to Rule 104-F, to permit the re-entry of the Hilliard Oil and Gas No. 1 Phillips State Well and attempt re-completion of same in the Mississippian Formation as the East Tatum State Unit No. 1. The unorthodox approval of the test is necessary as the location of the proposed re-entry is 660' FNL and 990' FEL of Section 35, T-12-S, R-36-E, Lea County, New Mexico. The N/2 of Section 35 will be established as the proration unit for the anticipated gas well.

Attached hereto as Exhibit "A" is a plat indicating location, offset lease owners and unit configuration. Be advised that all offset lease owners are being notified this date (by copy of this letter, with attachments, delivered by certified mail) that in the event they have no objection to the unorthodox location as proposed, they are to notify your office directly with copy of same to this office.

Should you have any questions, please let me know. Thank you.

Yours very truly,

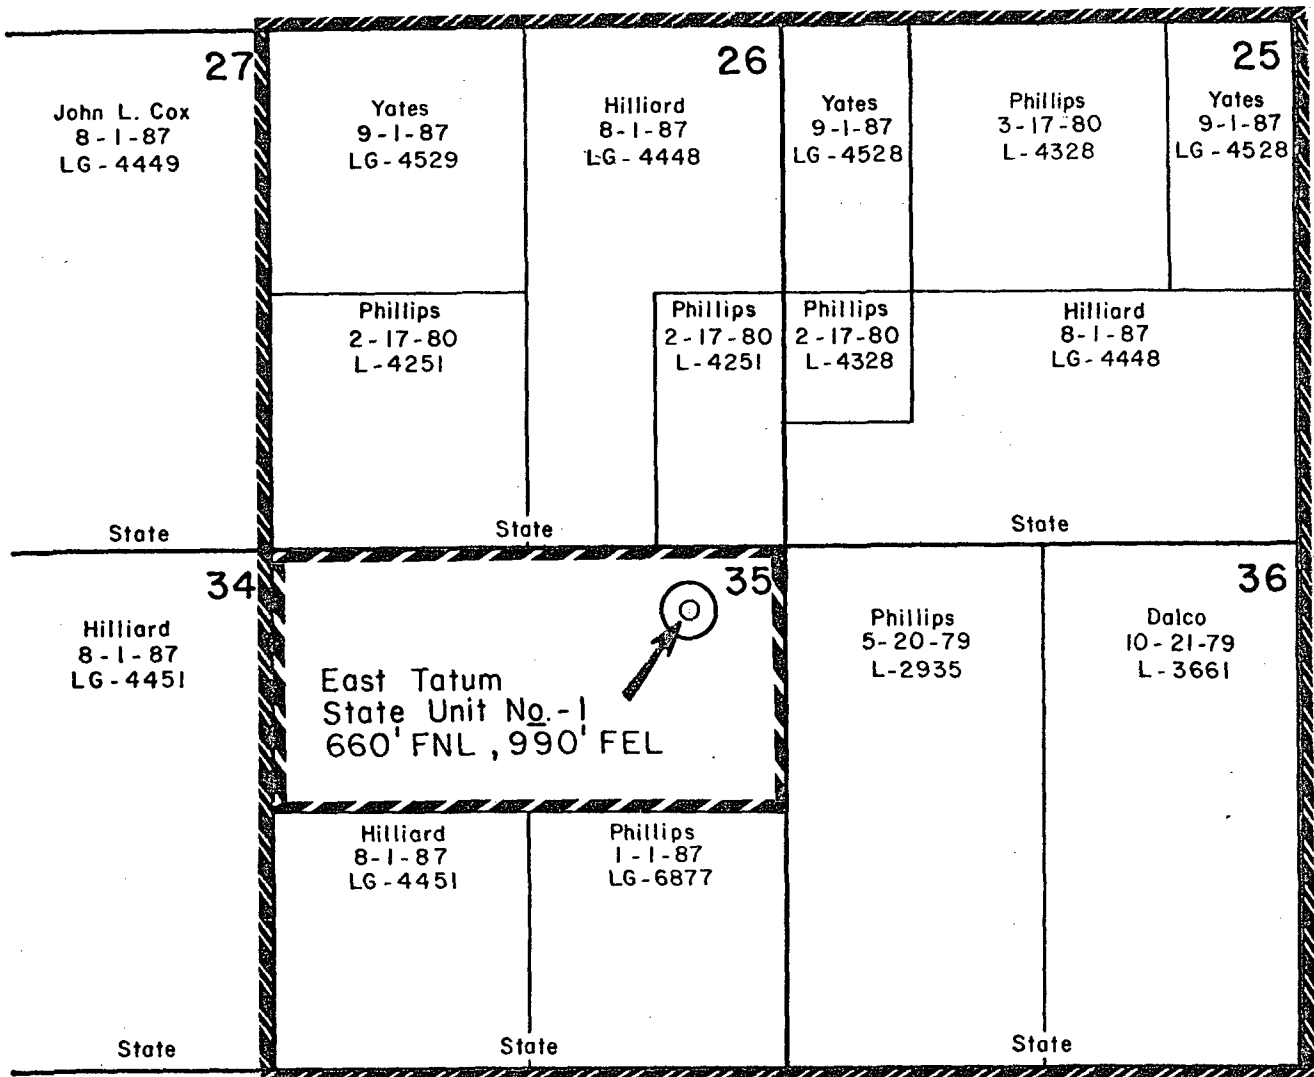

ADOBE OIL & GAS CORPORATION
