Dear Sir:

Southland Royalty Company hereby makes application for administrative approval of the unorthodox location of the Reese Mesa #5 well to be completed in the Mesa Verde and Dakota formations. The proposed location is 940' FSL, 1430' FWL, Section 13, T32N, R8W, San Juan County, New Mexico.

As can be seen from the attached map, severe topographic barriers, specifically Reese Canyon, make selection of a standard location impractical.

All offset operators have been notified of this application.

Yours truly,

OIL CONSERVATION DIVISION
