The State of New Mexico Energy and Minerals Department Oil Conservation Division P. 0. Box 2088 Santa Fe, NM 87501

ECEIVED AUG 1 1 1986 OIL CONSTRVATION DIVISION SANTA FE

Gentlemen:

Amoco Production Company requests administrative approval of an unorthodox location due to topographical reasons on our State "IM" Com Well No. 1 located 1880' FSL and 660' FEL, Section 16, T-22-S, R-26-E, Eddy County, New Mexico. The subject well location was moved 100' south to an unorthodox location due to a steep grade, of 45° or more, 50' north of the nearest orthodox location of 1980' FSL x 660' FEL. We could not move the location north to an orthodox location due to the severity of the slope. Attached is a plat, a map and certified mail receipts from letters to the offset operators.

Yours very truly,

A. J. (Kersonick

Pogo Producing Company P. O. Box 2504 Houston, TX 77001

Gentlemen:

We are requesting your approval, as an offset operator, for the unorthodox location of our State "IM" Com Well No. 1. Subject well is located 1880' FSL and 660' FEL, Section 16, T-22-S, R-26-E, Eddy County, New Mexico. The subject well location was moved 100' south to an unorthodox location due to a steep grade, of 45° or more, 50' north of the closest orthodox location. We could not move the location north to an orthodox location due to the severity of the slope. We request that you approve and return a signed copy of this letter to this office and one to the NMOCD in Santa Fe. Self-addressed envelopes are enclosed.

Yours very truly,
