Unorthodox Location for Pioneer Production Corp.
Redfern 5 Gas Com C #2, 790' FSL - 2500' FWL, Sec. 9, T28N, R11W, NMPM
San Juan County, NM

Dear Mr. Ramey:

We hereby request approval of an unorthodox location for the subject well. Copies of the well location plat, topographic map, and a production map showing offsetting operators are attached for your reference.

The unorthodox location is necessary due to unconsolidated blow sand and sand dunes as well as a pipeline in the southwest part of Section 9.

A copy of this application is being submitted to all offsetting operators by certified mail with a request that they furnish your office with a waiver of objection.

We request your approval of this location under the provisions of NMOCD Rule 104-F.

Sincerely,

Sherman E. Dugan
