> Re: Non-Standard Location MOC White Fed. No. 1 Sec. 9-T4S-R27E Chaves County, N.M.

Dear Mr. Stamets:

McClellan Oil Corporation would appreciate an administrative approval for a non-standard Mississippian gas well location as provided for under NMOCD Rule 104F.

The MOC White Fed. No. 1 is a re-entry of the Leonard Oil Company White Fed. No. 1 drilled in 1958. We are requesting administrative approval for this location based on the fact that this well is a re-entry of a dry hole.

The enclosed lease map shows the offset operators who have been notified by certified mail of our request.

We will appreciate your expeditious approval and issuance of the administrative order.

Sincerely yours,

Mark M. Cellan
