RE: Rule 104 F Exception  
Unorthodox Locations  
Bridges State Wells  
#194, 195, 196, 197, 198, and 199  
Vacuum G-SA Field  
Lea County, New Mexico

Dear Mr. Catanach:

Mobil Producing Texas and New Mexico Inc. is requesting administrative approval for unorthodox locations on the following wells:

| <u>Well No.</u> | <u>Unit</u> | <u>Location</u>                                 |
|-----------------|-------------|-------------------------------------------------|
| 194             | C           | 1252' FNL, 1417' FWL<br>Sec. 23, T-17-S, R-34-E |
| 195             | D           | 164' FNL, 1310' FWL<br>Sec. 23, T-17-S, R-34-E  |
| 196             | C           | 1188' FNL, 1357' FWL<br>Sec. 24, T-17-S, R-34-E |
| 197             | L           | 2630' FNL, 1310' FWL<br>Sec. 24, T-17-S, R-34-E |
| 198             | L           | 1310' FSL, 1310' FWL<br>Sec. 24, T-17-S, R-34-E |
| 199             | P           | 1310' FSL, 10' FEL<br>Sec. 23, T-17-S, R-34-E   |

The proration units assigned to the subject wells are on quarter-quarter sections that are completely surrounded by unitized acreage so there are no Offset Operators involved. Attached is a map showing the location of each well and the lease out-line.

All distances must be from the outer boundaries of the Section.

|                                  |                     |          |                    |                    |       |
|----------------------------------|---------------------|----------|--------------------|--------------------|-------|
| Operator                         |                     | Lease    |                    | Well No.           |       |
| Unit Letter                      | Section             | Township | Range              | County             |       |
| Actual Footage Location of Well: |                     |          |                    |                    |       |
| feet from the                    |                     | line and |                    | feet from the line |       |
| Ground Level Elev.               | Producing Formation | Pool     | Dedicated Acreage: |                    | Acres |

1. Outline the acreage dedicated to the subject well by colored pencil or hachure marks on the plat below.
2. If more than one lease is dedicated to the well, outline each and identify the ownership thereof (both as to working interest and royalty).
3. If more than one lease of different ownership is dedicated to the well, have the interests of all owners been consolidated by communitization, unitization, force-pooling, etc?

☐ Yes ☐ No If answer is "yes," type of consolidation \_\_\_\_\_

If answer is "no," list the owners and tract descriptions which have actually been consolidated. (Use reverse side of this form if necessary.) \_\_\_\_\_

No allowable will be assigned to the well until all interests have been consolidated (by communitization, unitization, forced-pooling, or otherwise) or until a non-standard unit, eliminating such interests, has been approved by the Division.

CERTIFICATION

I hereby certify that the information contained herein is true and complete to the best of my knowledge and belief.
