a 322.35 Acus

) Section 9: Lots 1, 2, and 3, SE/4 SW/4, and S/2 SE/4 Section 10: Lot 4 and S/2 SW/4

This is a request for administrative approval for an unorthodox gas well location in the Basin Dakota Pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 28-5 Unit #89E at 1190' from the South line and 1745' from the West line of Section 9, T-28-N, R-5-W, Rio Arriba County, New Mexico.

Extremely rough terrain in the form of steep cliffs and a non-standard proration unit makes it impossible to build an orthodox gas well location in the northwest corner of Section 1.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Plats showing the proposed well location and the terrain in Section 9, along with an ownership plat, are attached.

Sincerely yours,

G. W. Brink Project Drilling Engineer

encl.

## WAIVER

hereby waives objection to El Paso Natural Gas Company's application for an unorthodox location for their San Juan 28-5 Unit #89E as proposed above. By: \_\_\_\_\_ Date: \_\_\_\_\_

Mr. Richard Stamets New Mexico Oil Conservation Division Post Office Box 2088 Santa Fe, New Mexico 87501

Dear Mr. Stamets:

This is a request for administrative approval for an unorthodox gas well location in the Basin Dakota Pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 28-5 Unit #89E at 1190' from the South line and 1745' from the West line of Section 9, T-28-N, R-5-W, Rio Arriba County, New Mexico.

Extremely rough terrain in the form of steep cliffs and a non-standard proration unit makes it impossible to build an orthodox gas well location in the northwest corner of Section 1.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Plats showing the proposed well location and the terrain in Section 9, along with an ownership plat, are attached.

Sincerely yours,

G. W. Brink Project Drilling Engineer

encl.

## WAIVER

Northwest Pipe and hereby waives objection to El Paso Natural Gas Company's application for an unorthodox location for their San Juan 28-5 Unit #89E as proposed above. By: Faul C. Thompson Date: 8/14/85
