T24S, R38E, Lea County, New Mexico

Gentlemen:

This letter shall serve as our request to have the unorthodox location described above approved by your office.

On the attached plat, you will note our location lies within the unit boundaries of the West Dollarhide Queen Sand Unit. The original location, staked 1400' FSL 50' FWL could not be built because of the presence of two power lines crossing in the southwest corner of the location. We are requesting approval of this amended location because it will also allow us to establish a more efficient waterflood pattern within the unit.

Should you have additional questions, please call.

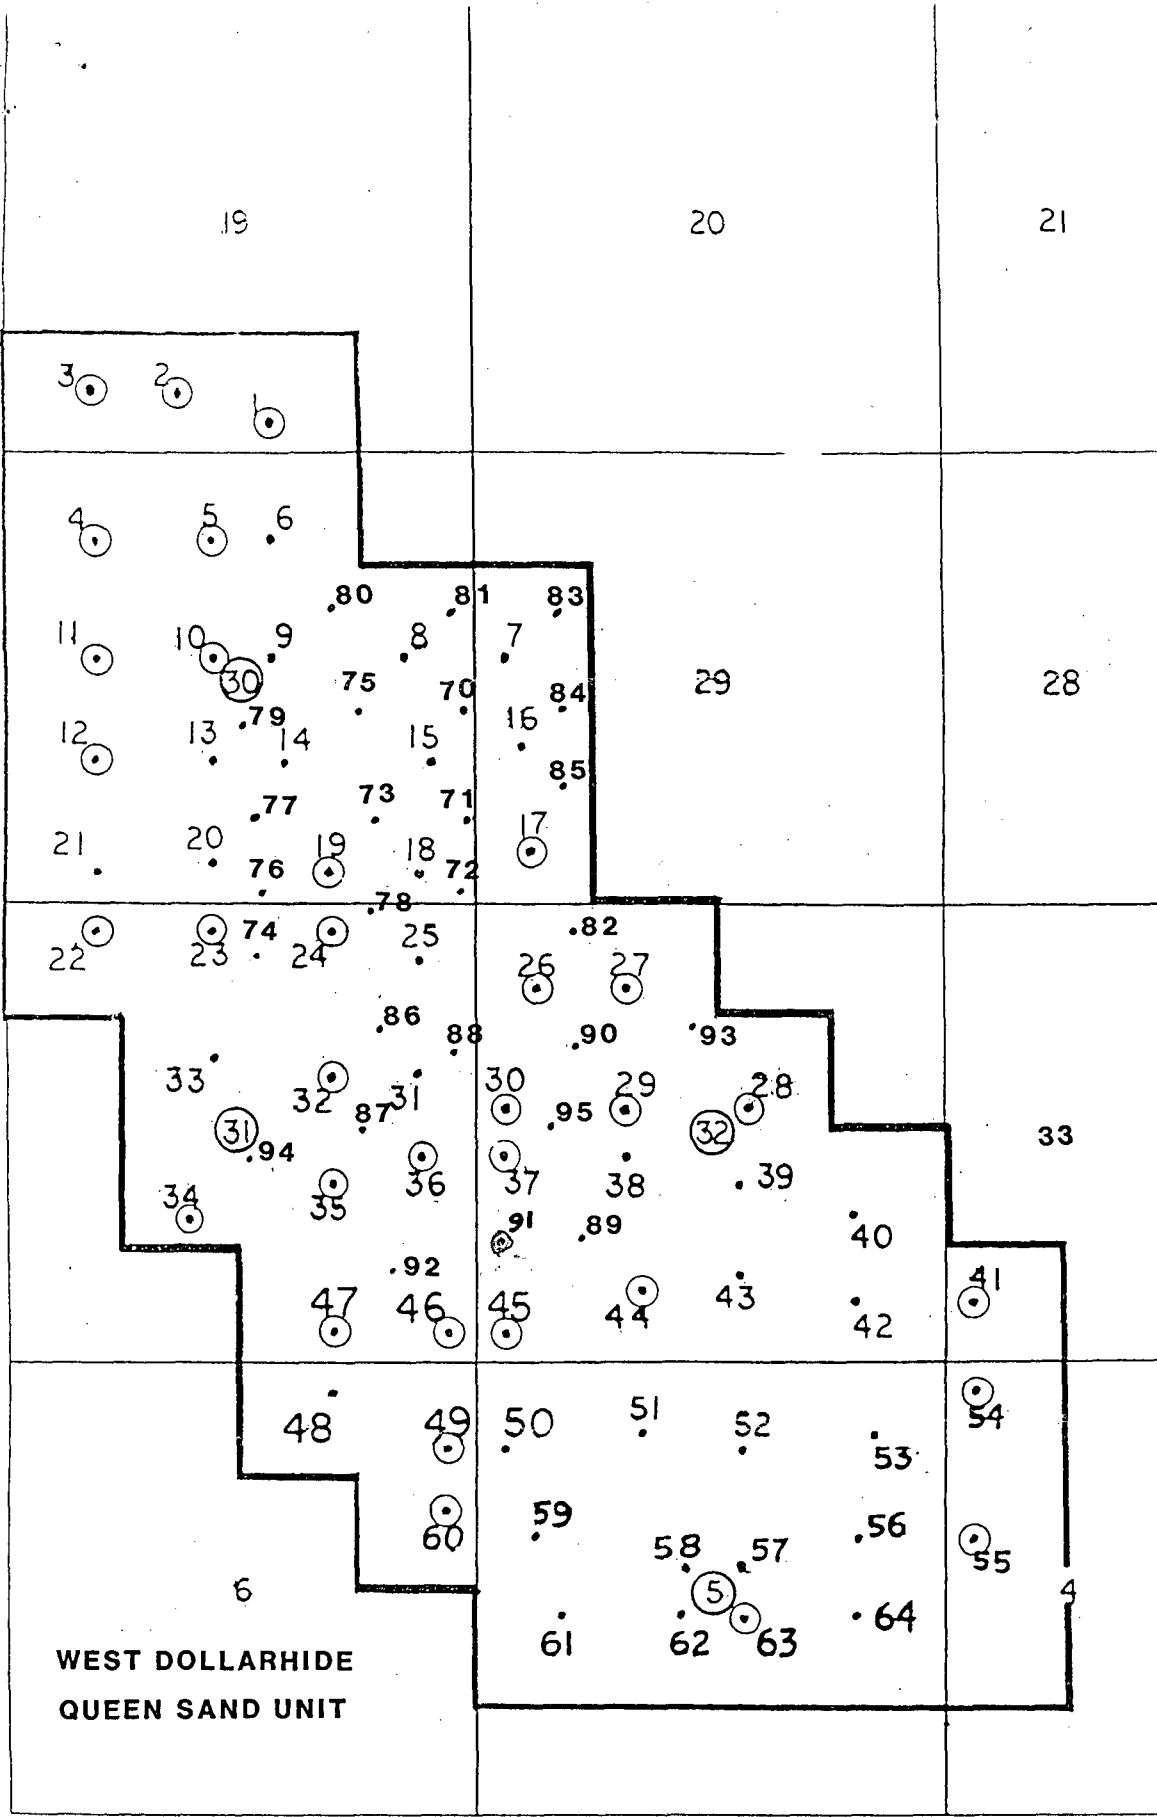

Sincerely,

*Amy L. Whitley*
