RE: Application for Unorthodox Location
Nassau Resources, Inc., Carracas Unit 28 B #10
Section 28, T32N, R4W, NMPM
Rio Arriba County, New Mexico

Dear Mr. Hawkins:

Enclosed is a copy of the subject Application for Unorthodox Location.

Amoco Production Co., is a party to the Nassau Resources, Inc., Carracas Unit; if Amoco has no objection to this application, we request that you notify the Oil Conservation Division as soon as possible. Please send a waiver to the attention of Michael Stogner, New Mexico Oil Conservation Division, P O Box 2088, Santa Fe, New Mexico 87504.

Please feel free to call if you have any questions.

Thank you,

Fran Perrin

RE: Application for Unorthodox Location
Nassau Resources, Inc.
Carracas Unit 28 B #10
1850' FSL - 1850' FEL
Sec. 28, Township 32 North, Range 4 West, NMPM
Rio Arriba County, New Mexico

Gentlemen:

Nassau Resources, Inc., hereby requests administrative approval of an unorthodox location for the captioned well based upon topographic conditions and Carson National Forest requirements.

This location is unorthodox due to the rough terrain and Carson National Forest guidelines for development and off-road vehicle restriction. Enclosed is a letter from Phillip Settles regarding Carson's guidelines, as well as a topographic map.

This well is in Nassau's Carracas Unit. All offsetting leases, as shown on the attached lease plat, are owned by Kindermac Partners, an operating affiliate with Nassau Resources, Inc., and Amoco Production Co., a party to the unit. Kindermac and Amoco Production Co. have been notified of this application. Also attached are a production map of the area and the C-102 Plat.

Please contact us if anything further is required to complete this application.

Respectfully submitted,

Fran Perrin

Dear James:

It was brought to my attention by Mike Atchison that you will be needing to apply for some unorthodox locations for some of the wells in the Carracas Unit. The current location in need of unorthodox approval is the well location just northwest of the Carracas Administrative site, Section 18, T. 32 N., R. 4 W. The need for moving the location to the new site is based upon wildlife habitat protection and in keeping within the guidelines set forth in the Carson Forest Plan. The Plan, as you know, has a major emphasis in wildlife and wildlife habitat. Also key to this request for moving the location is the current Off-Road-Vehicle restriction policy in place over the entire Carracas Unit. This restriction is in place to limit off-road-vehicle travel within a key wildlife management area so that security area will not be lost by unnecessary road construction.

Whenever possible, locations will be required to be placed along open access roads. Further unorthodox locations can be expected within the Carracas Unit to keep in line with the management direction set forth for this area.

Because of this management direction and the probability of future relocations, I would hope the approval of these unorthodox locations can become routine. If not, please don't hesitate to contact me for further help or if needed to appear in person before the approving officer. If you have any questions, please give me a call.

Sincerely,

Philip R. Settles
