RE: Huerfano Unit NP #257
1840'FNL, 1840'FWL
Section 36, T-27-N, R-10-W
San Juan, New Mexico

Dear Mr. LeMay:

This is a request for administrative approval for a non-standard gas well location in the Basin Fruitland Pool.

Meridian Oil intends to plugback and recomplete the Huerfano Unit NP #257 well from the Pictured Cliffs pool to the Basin Fruitland Coal Pool. The current location of this well is 1840'FNL, 1840'FWL, Section 36, T-27-N, R-10-W, San Juan, New Mexico. The well is considered non-standard due to the NE-SW dedicated pattern established for the Basin Fruitland Coal Pool. To comply with the New Mexico Oil Conservation Division rules, Meridian is submitting the following for your approval of this non-standard location:

1. C-102 plat showing location of the well;
2. Plat showing offset owners/operators;
3. Affidavit of notification of offset owners/operators;
4. Copy of Well Completion Log for original completion.

A copy of this application is being submitted to all offset owners/operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Sincerely yours,

Peggy Bradfield
encl.

WAIVER

Meridian Oil Inc. hereby waives objection to Meridian Oil Inc.'s application for a non-standard location for their Huerfano Unit NP #257 as proposed above.

RE: Meridian Oil's Waiver Request of August 9, 1990

Dear Mr. LeMay:

Enclosed is a signed original waiver as requested by Meridian Oil Inc. Conoco would like to note that the well is productive in Gallup, not the Pictured Cliffs as mentioned in Meridian Oil Inc.'s location description.

We apologize for any inconvenience in the late date of this response.

Sincerely,

Ronald R. Heldenbrand
Manager—Safety, Environmental
and Regulatory Affairs
