RE: Simms Federal #3
1540'FNL, 1100'FWL
Section 11, T-30-N, R-04-W
Rio Arriba, New Mexico

Dear Mr. LeMay:

This is a request for administrative approval for a non-standard gas well location in the Basin Fruitland Pool.

Meridian Oil intends to plugback and recomplete the Simms Federal #3 well from the Pictured Cliffs pool to the Basin Fruitland Coal Pool. The current location of this well is 1540'FNL, 1100'FWL, Section 11, T-30-N, R-04-W, Rio Arriba, New Mexico. The well is considered non-standard due to the NE-SW dedicated pattern established for the Basin Fruitland Coal Pool. To comply with the New Mexico Oil Conservation Division rules, Meridian is submitting the following for your approval of this non-standard location:

- 1. C-102 plat showing location of the well;
- 2. Plat showing offset owners/operators;
- 3. Copy of Well Completion Log for original completion.

All surrounding lands are operated and owned by Meridian Oil Inc.

Sincerely yours,

Peggy Bradfield

encl.

- E. Busi L
