Re: Application for Administrative
Unorthodox Gas Well Location
Eumont Yates 7RQ (Pro Gas)
1650 FSL and 2310' FWL
Section 25, T-19S, R-36E
Lea County, New Mexico

Gentlemen:

Amerada Hess Corporation respectfully requests administrative approval of our application for the unorthodox gas well location.

We are planning to recomplete the State "T" #8 in the Eumont Yates Seven Rivers Queen Gas Pool. The State "T" #8 is located 1650' FSL and 2310' FWL, Section 25, T-19S, R-36E, Lea County, New Mexico. The well was officially abandoned in the Eunice Monument G/SA Zone in January, 1992. The proposed location is within an existing 160 acre proration unit, the State "T" Lease consisting of the E/2 W/2 of Section 25, T-19S, R-36E. The proposed location is unorthodox by virtue of being within 660' of the outer Eastern boundary of the proration unit.

This will be the second Eumont Well within the subject proration unit. The State "T" #3 shown on the attached plat, currently produces 100 MSCFD.

Since the minimum gas allowable was increased by Order No. R-8170-G, December 1, 1990 to 600 MCFD for a 160 acre proration unit, the proposed well will enable Amerada Hess Corporation to economically increase gas production from the unit.

A well location and acreage dedication plat is attached as well as a map showing ownership of all leases offsetting the proration unit for which the unorthodox location is sought, and also the wells completed thereon. Furthermore, a copy of this letter has been sent by certified mail to Chevron, Oryx, Owens and Texaco, the four offset operators of offset proration units.

Sincerely,

A handwritten signature in cursive script, reading "G.A. Greer".

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 o'clock a.m., on January 20, 1954, and on February 17, 1954, at Santa Fe, New Mexico, before the Oil Conservation Commission, hereinafter referred to as the "Commission".

NOW, on this 16th day of April, 1954, the Commission, a quorum being present, having considered the records and testimony adduced, and being fully advised in the premises;

FINDS:

(1) That due notice of the time and place of hearing and the purpose thereof having been given as required by law, the Commission has jurisdiction of this case and the subject matter thereof.

(2) That pursuant to provisions of Rule 7 (a) of Order No. R-370-A, the Commission has power and authority to permit the formation of a gas proration unit consisting of other than a legal quarter section after notice and hearing by the Commission.

(3) That applicant, Amerada Petroleum Corporation, is the owner of an oil and gas lease in Lea County, New Mexico, the land consisting of other than a legal quarter section, and described as follows, to-wit:

(7) That unless a proration unit consisting of applicant's aforesaid acreage is permitted, applicant will be deprived of the opportunity to recover its just and equitable share of the natural gas in the Eumont Gas Pool.

(8) That creation of a proration unit consisting of the aforesaid acreage will not cause but will prevent waste, will protect correlative rights, and is necessary to prevent confiscation of applicant's property.

IT IS THEREFORE ORDERED:
