Subject: Request for
administrative approval
of an unorthodox location,
State A-3 well #1

Dear Mr. Stogner,

I request administrative approval for an unorthodox oil well location, being 2245 feet from the north line and 1505 feet from the west line of Section 3, township 17 South, Range 17 East, Chaves County, New Mexico. The proration unit would be the southeast quarter of the northwest quarter of said section.

The proration unit is owned jointly by J. Cleo Thompson et. al. and Inland Gas Corporation. Surrounding proration units are owned either by J. Cleo Thompson et. al. or by Inland Gas Corporation.

Subject well is a PreCambrian basement test to a depth of approximately 5300 feet. The unorthodox location is required because of extreme topographic relief and is at the most prudent geologic location for the prospect.

Very Truly Yours,

Berry M. Breining
Superintendent
