Re: Administrative Order NSL-3172 (SD)

Dear Ms. Perez:

The above-referenced administrative order authorizing a non-standard location was issued on October 19, 1992. However, it was issued on the basis of a notification which was not actually given to off-set operators. We have subsequently received a letter from Doyle Hartman opposing your location of 660 from the South and East lines of Section 33, and we therefore rescind the above-referenced NSL order. This application will be docketed for hearing at the January 7, 1993, examiner docket unless Meridian and Hartman have reached agreement prior to that time.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry Van Ryan".

LARRY VAN RYAN,
Chief Engineer
