RE: Non-Standard Location  
Hickory ALV Fed. #1 (Re-entry)  
1650' FNL and 1650 FWL  
Section 17-T22S-R24E  
Eddy County, New Mexico

Dear Mr. LeMay:

Yates Petroleum Corporation requests administrative approval for the non-standard location as provided for under NMOCD rule 104F.

Our reason for requesting this non-standard location is that it is a re-entry of an abandoned well originally drilled by Pan American Petroleum Corporation in 1965 to a TD of 10295, plugged and abandoned in 1965. Yates wishes to re-enter this well-bore and test the morrow and intermediate formations. It is more economical to re-enter and test this well-bore and it will benefit the surrounding area.

Enclosed please find a copy of the lease map showing the offsetting operator, a topographic map of the area, a survey plat, and copies of the certification slips showing that the offset operators have been notified.

If you have any questions concerning this matter, please call me at (505) 748-1471. Thank you.

Very truly yours,

YATES PETROLEUM CORPORATION
