David,
I rec'd. the NSL approval letter, ref. No. pKVR07-32054480. The letter references well #17, rather than #14, although the API # is correct. Can you obtain a corrected letter, for the record?

Many Thanks,
Celeste

Dear Ms. Dale

This order was written yesterday, and is awaiting signature. Mark will be back Thursday, and will presumably be issued that day.

Sincerely
David K. Brooks
Legal Examiner

David,
Just checking to see if this NSL has been issued yet?

Thank you,
Celeste

Dear Mr. Celeste

This application is on my desk. We are running significantly behind due to the pit rule hearing which began on November 5 and concluded yesterday. I would anticipate that it will be issued within the next two weeks.

Sincerely

David K. Brooks

Hello Dale:

I did not do this one, and am forwarding this request to David Brooks who has the stack of pending NSL's. I am primarily focused on commingles and injection applications but we are helping each other out on occasion.

Take care down in Midland.

William,

1/14/2008

Don't know if you would be working this one or not. I mailed to Santa Fe a Non-Standard Location application package for this well 11/13/07 and am wondering if you've had opportunity to review just yet. (My Team members in Houston are anxious (as always)) If so, do you have any idea as to what our timing is, so I can report back?

Many Thanks,
Celeste
