Units A and B of Section 14, Range 13 South, Township 38 East, Lea County, New Mexico
Bronco, Siluro Devonian Pool (7410)
Application for Common Tank Battery and Off Lease Storage and Measurement

Dear Revenue Interest Owner:

The Federal A Well #2 was temporarily abandoned for a number of years. It was recently re-activated and returned to production. The Federal A battery no longer exists. Out of operation simplicity and cost savings, a flow line was installed from the Federal A Well #2 to the existing Schenck Battery. A separate tester was installed for the fluids coming from the Federal A Well #2 and the production from the Federal A Well #2 is surface commingled with the production from the HD Schenck at this existing battery.

As per Division Rule 303, you are to receive a copy of our application. Please see the attached documents. If you object to the surface commingling of these leases, please send your objection in writing within 20 days to the Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. Application for Common Tank Battery and Off Lease Storage and Measurement

Dear Revenue Interest Owner:

The Federal A Well #2 was temporarily abandoned for a number of years. It was recently re-activated and returned to production. The Federal A battery no longer exists. As per Division Rule 303, you are to receive a copy of our application. Please see the attached documents. If you object to the surface commingling of these leases, please send your objection in writing within 20 days to the Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. The contact telephone number is (505) 476-3440.
