Dear Mr. LeMay:

ARCO Oil and Gas is applying for administrative approval for an exception to the well location requirements for a development oil well as stated by Rule 104 of the State of New Mexico Rules and Regulations. ARCO's request for exception to the well location requirements is based on Rule 104 Section F(I.). The referenced well is a former Dakota gas producer and has been recompleted uphole to the Kutz-Gallup pool. ARCO Oil and Gas is sole operator of Section 10 - T27N - R11W. Lease ownership for all zones below the base of the Pictured Cliffs is ARCO Oil and Gas 50.0%, Conoco Inc. 37.5% and Amoco Production Company 12.5%. A plat illustrating well location and producing zones is attached. The Schlosser #1 and Schlosser #20 did not penetrate zones below the base of the Pictured Cliffs formation.

Should you need any additional information I can be contacted at (915) 688-5549

Sincerely,

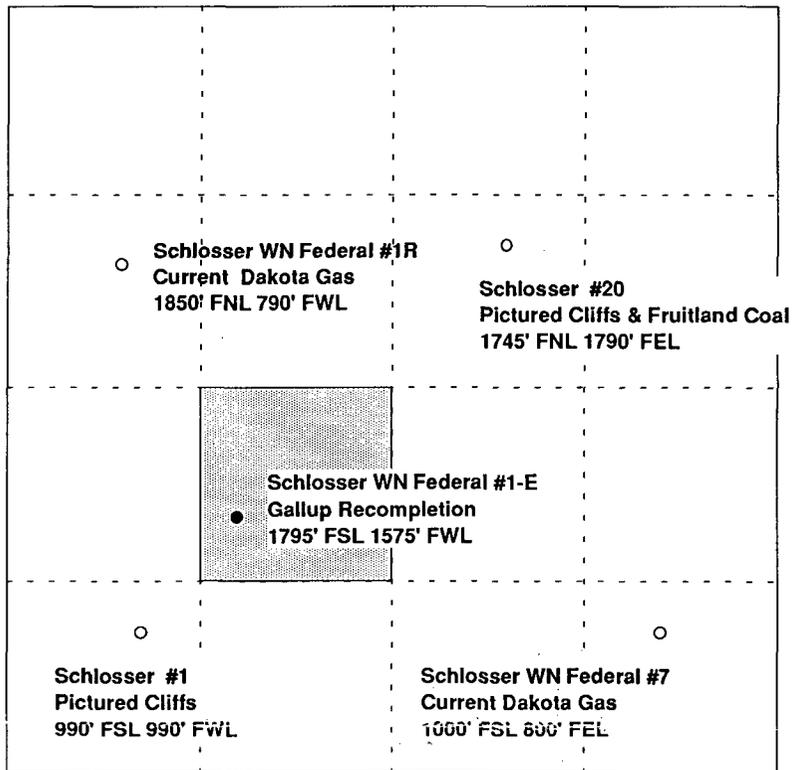

J.A. (Tony) Long
