I'm really sorry for the delay. I still have not heard back from our accounting group after many attempts at contacting them if this vendor set up is complete. I'm still hoping to have a check cut by Monday. I'm very sorry for the delay. Thanks for your patience.

Subject: GW-135 Filing Fee

Lacy,

Our Bureau Chief (Wayne Price) said you called a couple weeks ago to let him know that you will be sending your filing fee of \$100 for your Discharge Permit (GW-135) Renewal Application. We have received the Application, but not the filing fee. Please submit the filing fee a.s.a.p. to:

Edward J. Hansen
Oil Conservation Division
EMNRD
1220 S. St. Francis Dr.
Santa Fe, New Mexico 87505

Please make the check or money order payable to: **Water Quality Management Fund**

If you have any questions regarding this matter, please call me at 505-476-3489.

Thank you for your cooperation in the matter.

I'm working on it. It appears that I have to set up the state as a new vendor since it has been so long since we mailed any payment to you. That's taking a lot longer than I imagined. Sorry for the delay.

Dear Discharge Permit (GW-135) Holder:

The New Mexico Oil Conservation Division's (OCD) records indicate that your discharge permit will expire soon (3-15-08). New Mexico Water Quality Control Commission regulations (WQCC) Section 3106.F (20.6.2.3106.F NMAC) specifies that if a discharger submits a discharge permit renewal application at least 120 days before the discharge permit expires and is in compliance with the approved plan, then the existing discharge plan will not expire until the application for renewal has been approved or disapproved. You may be operating without a permit after your expiration date. Please submit a permit renewal application, identifying any changes and updates, with a filing fee (20.6.2.3114 NMAC) of \$100.00 by February 29, 2008. Please make all checks payable to the **Water Quality Management Fund** and addressed to the OCD Santa Fe Office. There is also a discharge permit fee, based on the type of facility, which OCD will assess after processing your application. An application form and guidance document is attached in order to assist in expediting this process.

In accordance with the public notice requirements (Subsection A of 20.6.2.3108 NMAC) of the newly revised (July 2006) WQCC regulations, "...to be deemed administratively complete, an application shall provide all of the information required by Paragraphs (1) through (5) of Subsection F of 20.6.2.3108 NMAC and shall indicate, for department approval, the proposed locations and newspaper for providing notice required by Paragraphs (1) through (4) of Subsection B or Paragraph (2) of Subsection C of 20.6.2.3108 NMAC." You are required to provide the information specified above in your permit renewal application submittal. Attached are a flow chart and the regulatory language pertaining to the new WQCC public notice requirements for your convenience. After the application is deemed administratively complete, the revised public notice requirements of 20.6.2.3108 NMAC must be satisfactory demonstrated to OCD. OCD will provide public notice pursuant to the revised WQCC notice requirements of 20.6.2.3108 NMAC to determine if there is any public interest.

Please contact me by phone 505-476-3489 or email <mailto:edwardj.hansen@state.nm.us> if you have any questions regarding this matter.

Sincerely,

Edward J. Hansen
