**Subject:** RE: Plains Vacuum to Jal Mainline #3 Release site (1R-0455)

Dear Ms. Reynolds:

The New Mexico Oil Conservation Division (OCD) has reviewed your request for soil closure of the above referenced site. The OCD hereby approves the soil closure of the above referenced site with continued PSH recovery and groundwater monitoring at the site.

Also, please be advised that OCD approval does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please call me at 505-476-3489.

Edward J. Hansen  
Hydrologist  
Environmental Bureau

Subject: Plains Vacuum to Jal Mainline #3 Release site

Ed,

Pursuant to our conversation Plains respectfully requests soil closure at the Vacuum to Jal Mainline #3 release site. Premier Environmental Services on behalf of Plains submitted the Soil Closure Request dated December 2006 NMOCD Ref# 1R-0455 which details remedial activities conducted for soil closure at the site. Soil remediation was conducted per NMOCD approval letter dated June 1, 2006. At this time Plains is requesting soil closure at the site with PSH recovery and groundwater monitoring to be on-going.

Please contact me with any questions or comments.

Sincerely,

Camille Reynolds  
Remediation Coordinator  
Plains All American
