Dear Ms. Reynolds:

The New Mexico Oil Conservation Division (OCD) has reviewed your request for final closure of the above referenced site. The OCD hereby approves the closure of the above referenced site. Also, the OCD hereby approves the plan to plug and abandon the three groundwater monitoring wells at the site. Please submit a well plugging report within 30 days once the wells have been plugged and abandoned.

Also, please be advised that OCD approval does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please call me at 505-476-3489.

Subject: Final Closure Request Plains Walter "Bubba" Norris Site

Ed,

Pursuant to our conversation Plains respectfully requests final closure of the Walter "Bubba" Norris release site. CRA on behalf of Plains submitted the 2007 Annual Groundwater Monitoring and Final Site Closure Report dated November 1, 2007 NMOCD Ref# 1R-0436. At this time Plains is requesting final closure of the site and NMOCD approval to plug and abandon the 3 monitor wells on-site.

Please contact me with any questions or comments.

Sincerely,

Camille Reynolds
