Dear Ms. Reynolds:

The New Mexico Oil Conservation Division (OCD) has reviewed your proposed schedule for the continuance of the Abatement Plan for the above referenced site. The OCD hereby approves the schedule for the continuance of the Abatement Plan for the above referenced site. However, please submit a progress report regarding landowner approval within 30 days.

Also, please be advised that OCD approval does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please call me at 505-476-3489.
