RE: Request for Non-standard Locations
Cone Jalmat Yates Pool Well Unit #36
Cone Jalmat Yates Pool Unit Well #38
Cone Jalmat Yates Pool Unit Well #39
Cone Jalmat Yates Pool Unit Well #41
Lea County, New Mexico

Dear Mr. Stogner:

SDX Resources, Inc. respectively request administrative approval for the above captioned NSL. Form C-101 and Form C-102 for each are attached giving to you the staked locations.

These NSL locations are necessary to evaluate the lease for a potential infill drilling project. The primary purpose in drilling these wells is to recover additional reserves that would otherwise be lost.

Also attached for your convenience is a unit map of the Cone Jalmat Yates Pool Unit, showing the location of Wells #36, #38, #39 and #41 and the county map showing the offset acreage and operators.

If you need additional information before approval can be given, please give me a call. We have a projected spud date for these wells set for August 1, 1995.

Very truly yours,

John Pool
Vice President
