for the John H. Hendrix Corporation's
Penrose Federal #1 Tank Battery Site
Unit Letter F, Section 9, T22S, R37E, Lea County, New Mexico
Remediation Plan (1R-482) Termination

Dear Ms. Haynes:

The New Mexico Oil Conservation Division (OCD) has received the closure report for the Penrose Federal #1 Tank Battery site, dated May 2, 2008, and has conducted a review of the report. The closure report, submitted for the above reference site, indicates that the John H. Hendrix Corporation has met the closure requirements. Therefore, the OCD hereby approves the closure report and gives notice that the Remediation Plan (1R-482) is terminated.

Please be advised that NMOCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.
