Subject: 1R-728 Termination

**RE: "Closure Report"
for the ChevronTexaco's
D. F. Fergason Tank Battery Site
Unit Letter H, Section 30, T18S, R39E, Lea County, New Mexico
Remediation Plan (1R-728) Termination**

Dear Mr. Toner:

The New Mexico Oil Conservation Division (OCD) has received the closure report for the D. F. Fergason Tank Battery site, dated February 12, 2004, (including site photographs taken on May 19, 2008) and has conducted a review of the report. The closure report, submitted for the above reference site, indicates that the ChevronTexaco has met the closure requirements. Therefore, the OCD hereby approves the closure report and gives notice that the Remediation Plan (1R-728) is terminated.

Please be advised that NMOCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.

Edward J. Hansen
Hydrologist
Environmental Bureau
