**Re: Administrative Approval for
Unorthodox Well Location
A. B. Coates "C" #13
Unit Letter K, Section 24, Township 25S, Range 37E
Lea County, New Mexico**

Dear Mr. LeMay,

Texaco Exploration and Production Inc. respectfully requests administrative approval for an unorthodox well location for the A. B. Coates "C" #13. This well is located in Unit Letter K, Section 24, Township 25S, Range 37E, Lea County, New Mexico.

The subject well was originally completed in 1958, and is currently Temporarily Abandoned. Texaco proposes to recomplete this existing wellbore into the Justis Abo (gas) formation establishing a 160 acre standard proration unit comprising the SW/4 of section 24. However, as the attached C-102 plat indicates, the subject well is located 330' from the eastern boundary of the proration unit necessitating approval for an unorthodox well location. In this case, Texaco is the lessee of record of the effective acreage of the SE/4 of section 24. Also, the entire southern half of section 24 has common mineral interests held by the Federal Government.

Please refer to the attached acreage plat, and well history for additional information concerning this application.

If you have any questions concerning this proposal, please contact me at (505) 397-0426. Thank you for your consideration of this proposal.

Sincerely,

Darrell J. Carriger

**Re: Administrative Approval for

A. B. Coates "C" #13
Unit Letter K, Section 24, Township 25S, Range 37E
Lea County, New Mexico**

Dear Mr. Stogner,

Texaco Exploration and Production Inc. respectfully submits additional information supporting the above proposal. Please attach this letter to our previous application for administrative approval for an unorthodox well location for the subject well.

As per our discussion on Monday the 26th of February, the following two questions were raised concerning the said proposal:

1. Is Texaco the lessee of record for the entire E/2 of Section 24 Township 25S, Range 37E, Lea County, New Mexico?
2. Who holds the mineral interest for the NE/4 of Section 24 Township 25S, Range 37E, Lea County, New Mexico?

I have received confirmation that Texaco is indeed the lessee of record for the entire Eastern half of section 24. Also, as per a conversation with Mr. Shannon Shaw with the Bureau of Land Management, I received confirmation that the Federal Government is the sole owner of the minerals underlying the Eastern half of section 24.

Please contact me at (505) 397-0426 if additional information is necessary.

Once again, thank you for your consideration of this proposal.

Sincerely,

Darrell J. Carriger
