**P. O. Box 4289**  
**Farmington, New Mexico 87499-4289**  
**Attention: Peggy Bradfield**

*Administrative Order NSL-4079*

Dear Ms. Bradfield:

Reference is made to your application dated June 22, 1998 for an exception to the well location requirements provided within the "Special Rules and Regulations for the Blanco-Mesaverde Pool," as promulgated by Division Order No. R-10987, for a non-standard Blanco-Mesaverde infill gas well location in an existing standard 320-acre stand-up gas spacing and proration unit for the Blanco-Mesaverde Pool comprising the E/2 of Section 21, Township 27 North, Range 4 West, NMPM, Rio Arriba County, New Mexico. This unit is currently dedicated to Burlington Resources Oil & Gas Company's San Juan "27-4" Unit Well No. 142 (API No. 30-039-22803), located at a standard gas well location 860 feet from the North line and 850 feet from the East line (Unit A) of Section 21.

The application has been duly filed under the provisions of Rules 104.F and 605.B of the Rules and Regulations of the New Mexico Oil Conservation Division ("Division").

By the authority granted me under the provisions of Division Rule 104.F(2), the following described well to be drilled at an unorthodox infill gas well location in said Section 21 is hereby approved:

**San Juan "27-4" Unit Well No. 142-A**  
**2450' FSL & 1010' FEL (Unit I)**

Further, both of the aforementioned San Juan "27-4" Unit Well Nos. 142 and 142-A and existing gas spacing and proration unit will be subject to all existing rules, regulations, policies, and procedures applicable to prorated gas pools in Northwest, New Mexico.

Sincerely,

Lori Wrotenbery  
Director
