our intention is to produce both the Atlantic 5# 1 + 2 into one tank. The # 1 is TD at 2015 pool (Red Lake (51300) is Q, BB, SA). The # 2 is 700 feet and the pool is (South Red Lake (51510) Seven Rivers). These 2 wells have same lease number and all interests in well including overriding interest are the same. old Tank will be clean out + removed. Pit closure will be according to @CD instructions

I hereby certify that the information above is true and complete to the best of my knowledge and belief.

Attention: Richard Ezeanyim

Re: Common ownership of Atlantic State Nos. 1, 2 and 3 wells, SW/4 SE/4 Section 16, Township 17 South, Range 28 East, N.M.P.M., Eddy County, New Mexico - H. Dwane Parrish, Jr., operator

Gentlemen:

This is to confirm that the ownership of production from captioned wells under State of New Mexico Lease E-9359 is identical for all three wells, as reflected by the pay sheets of Navajo Refining Company, purchaser of oil production from said lands.

Respectfully yours,

LOSEE, CARSON & HAAS, P.A.

RE: Atlantic State No. 1 & 2

Dear Mr. Ezeanyim:

Below, please find the memo you requested with the explanation on how I plan to meter the separate wells on the Atlantic State lease.

I will pump the Atlantic State #1 well for a certain number of days while the Atlantic State #2 well is shut down. Then, I will shut down the Atlantic State #1 well and run the Atlantic State #2 well for the same number of days. This should give me an accurate account of how much each separate well produces.

If you have any questions, please contact me at (505) 746-4651.

Sincerely,

Dwane Parrish
