Re: Application for Surface Commingling
OCD Surface Commingling Orders CTB 528, CTB-556
Juniper Area Wells
Township 24 North, Ranges 10 and 11 West
San Juan County, New Mexico

Dear Mr. Lewis:

We are in receipt of your letter of May 9, 2007. Your letter requests our approval to commingle, measure and sell off-lease Basin-Fruitland Coal production, operate two Coleman gathering pipeline systems as one open system and to surface commingle the gas production from the Juniper area wells on a field wide basis through both the (CTB-556) CPD #2 and (CTB-528) CPD #1 delivery points.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management.

Your \$30.00 dollar filing fee has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

PATRICK H. LYONS
