RE: Plains Marketing, L.P.  
Frisco-Skelly #1 Release  
Unit Letter "P", Section 36, Township 16 South, Range 36 East  
NMOCD Reference # 1R-0457  
Plains SRS # 2004-00196

Mr. Hansen,

On behalf of Plains Marketing, L.P. (Plains), enclosed are reports documenting the plugging and abandonment of the three (3) monitor wells (MW-1 through MW-3), located at the Plains Frisco-Skelly #1 release site. The monitor wells were plugged by Straub Corporation of Stanton, Texas (License Number WD-1478) using industry standard practices, approved by The New Mexico Office of the State Engineer (NMOSE).

If you have any questions, please contact Jason Henry (575-441-1099) or me.

Respectfully,

A handwritten signature in black ink that reads "Curt D. Stanley".

**Subject:** RE: Final Closure Request for Plains Frisco-Skelly #1 Site (1R-457)

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has reviewed your request for extension of the submittal of reseeding documentation for the above-referenced site (1R-457). The OCD hereby approves the request for extension of submittal until Tuesday, September 29, 2009.

Also, please be advised that OCD approval of this extension does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have questions regarding this matter, please contact me at 505-476-3489.

Edward J. Hansen  
Hydrologist  
Environmental Bureau

**Subject:** RE: Final Closure Request for Plains Frisco-Skelly #1 Site (1R-457)

Ed,

As we discussed on the phone earlier today, Plains respectfully requests an extension of 90 days to complete the reseeding of the surface soil at the Frisco-Skelly #1 Release site (1R-457). A portion of the site is currently inaccessible due to activities associated with the installation of an underground pipeline. Plains will proceed with reseeding the site once the pipeline work has been completed.

The final plugging report for the P&A'd monitor wells will be submitted within the 60 day timeframe as specified below.

Please contact me if you have any questions or need additional information.

Thank you,  
Jason Henry  
575-441-1099

**RE: Site Closure Request for the Plain Marketing's  
Frisco Skelly #1 Release Site (1R-457)  
Unit Letter P of Section 36, T16S, R36E, Lea County, New Mexico  
Additional Information Required and  
Groundwater Monitoring Wells Plug and Abandon Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plain's report and request to close the above-referenced site (dated, October, 2008). The above-referenced request, submitted in partial fulfillment of 19.15.29 NMAC (Part 29, formally, Rule 116), indicates that Plains has not fully met the requirements of Part 29 for this site.

Please provide documentation to the OCD within 60 days that the site has been reseeded in accordance with the above-referenced request.

However, the groundwater monitoring wells are no longer needed at the site. Therefore, the OCD hereby conditionally approves the request for the plugging and abandoning of groundwater monitoring wells (MW-1, MW-2 and MW-3) at the site:

The material used to plug the three remaining groundwater monitoring wells at the Frisco Skelly #1 Release Site must be a cement grout with 1% to 3% bentonite. Please submit to the OCD a final plugging report within 60 days of receipt of this letter.

Please be advised that OCD approval of this request does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact me at 505-476-3489.

Edward J. Hansen  
Hydrologist

**Sent:** Tuesday, February 17, 2009 3:41 PM  
**To:** Hansen, Edward J., EMNRD  
**Subject:** Final Closure Request for Plains Frisco-Skelly #1 Site

Ed,

Pursuant to our conversation on January 28, 2009, Plains respectfully requests final closure of the Frisco-Skelly #1 site. Basin Environmental Service Technologies, on behalf of Plains, has submitted a site closure request report (February 2009). At this time, Plains is requesting final closure of this site and NMOCD approval to plug and abandon the on-site monitor wells.

7/9/2009

Please contact me if you have any questions or need additional information.

Thank you,  
Jason Henry
