

This is Shell Oil Company's application for a new 120-acre Non-Standard Gas Proration Unit in the Blinebry (Gas) Field to be dedicated to Shell Turner No. 13. As shown on the attached plat, this well is located 880 feet from the south line and 1685 feet from the west line of Section 22, T-21-S, R-37-E, Lea County, New Mexico.  $2065 f 5 \le 1700$  f WL

Because of the recent completion of Turner No. 12 as a Blinebry (Oil) producer, we are asking that the 40 acres to be dedicated to Turner No. 12 for oil production be removed from the gas unit and replaced by the 40 acres presently dedicated to Turner No. 16 for oil production.

Very truly yours,

R. L. Rankin Division Production Manager
